

Why Choose a FOX BOW?

1. We have a huge inventory of personally hand picked, top quality, exotic hard woods to choose from at no extra cost to you.
2. We select and grind all of our own laminations from our inventory, so if you have a special request we can do that at no extra cost to you.
3. We hand grind our risers one at a time to fit your individual hand size and needs, at no extra cost to you.
4. Our finish is hand sanded with 9 coats of epoxy which speaks for itself, just ask anyone.
5. This is what we call a CUSTOM BOW!!
